

# Web-Empowered Church Third-Party Covenant Agreement

We or I, \_\_\_\_\_, wish to make a covenant with the Foundation for Evangelism (FFE) in support of the Web-Empowered Church ministry. We profess a personal belief in and relationship with Jesus Christ. We are accountable to the Holy Scripture and directed by the traditions of the church. Further, we seek to incorporate into our products, services, reasoning and interactions with others the key belief that we are acting in the name of Christ. We affirm that we will "Offer Them Christ" through the use of our gifts, our resources and technology. Recognizing that the nature of the technology upon which we base this mission can be utilized for either good or evil, we warrant that we will use these resources solely to express the love of Jesus Christ.

We understand and agree with the following statements:

1. The Web Empowered Church (WEC) software is open source and uses the open source Content Management System called TYPO3.
2. WEC software is software developed by participants in the WEC ministry and typically bears a Foundation for Evangelism copyright notice.
3. The WEC software is "free software" in the sense that users can access the source code and improve upon it for everyone's benefit.
4. The Foundation for Evangelism desires to keep the WEC software freely available to all of its users.
5. In order to allow the WEC software to remain freely available to all of its users, it is necessary that no one who modifies or adds to the code ever makes a claim to ownership of such code.
6. Due to the laws that govern software licensing, if any contributors claim ownership of any portion of the code, such claim could compromise the "free" nature of the WEC software.
7. The Foundation for Evangelism desires to be the sole copyright owner of the WEC software, and associated documentation and training, so as to keep WEC freely available to all of its users.

Because we are committed to keeping the WEC software freely available for all of its users, we hereby assign and upon creation thereof, automatically assign, any copyright or other intellectual property right that we may now or hereafter obtain in any modifications or additions we make to the WEC software (including, without limitation, related documentation and training) to the Foundation for Evangelism. We represent that all work we provide to the Foundation for Evangelism, including modifications and additions to the WEC software, shall be our own and will not infringe upon any third party's intellectual property rights. We acknowledge that the opportunity we have received to participate in the WEC ministry constitutes good and valuable consideration for our agreements hereunder.
